TO MEET YOU

STIMEX

NIC09

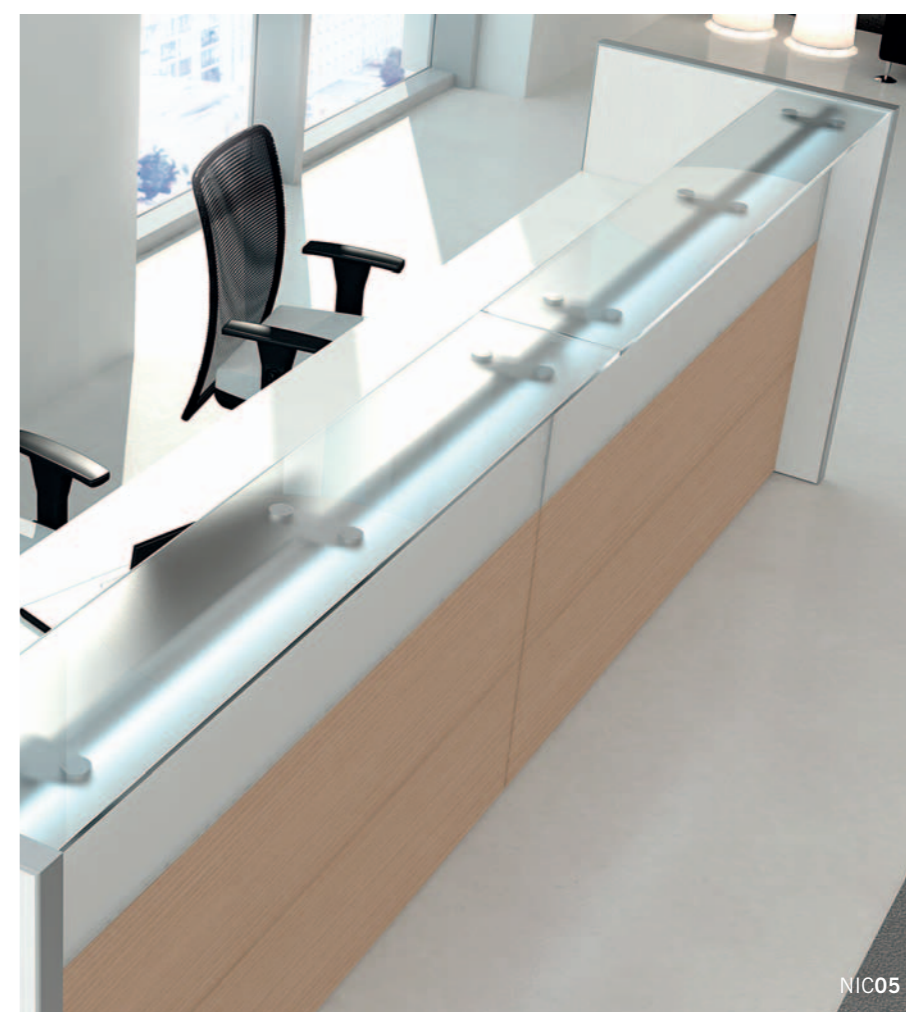

The importance of introducing oneself, well.

Nice welcomes and it does so in the best way: with the elegance of its rear lacquered glass; with the sophistication of its finishing, shiny and matt;

with the frontal faces in back lighted satinized glass that mark and orient the reception area; with the functionality of holding elements that become integral part of a sophisticated design.

Bright signs, materials in contrast wisely mixed, lines perfectly rational.

NICE, very nice!
