

Pronto

CSR LAS MOBILI

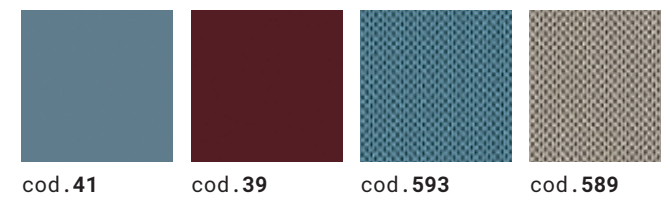

La semplicità formale di Pronto viene attutita dai cromatismi dei pannelli esterni, disponibili in vari e accattivanti colori e finiture, e dei rivestimenti interni in tessuto. La cabina prevede la possibilità di avere il lato opposto a quello della porta anch'esso in vetro. Il sistema costruttivo garantisce un buon isolamento acustico dall'esterno e dall'interno.

The formal simplicity of Pronto is softened by the colour schemes of the outer panels, available in a variety of attractive tones and finishes, and the inner upholstery. There is also the option of having the side opposite the cabin door also be in glass. The construction system ensures good sound insulation from inside and outside.

La simplicità formale de Pronto est atténuée par les chromatismes des panneaux externes, disponibles dans différentes couleurs et finitions captivantes et des revêtements internes en tissu. La cabine prévoit la possibilité d'avoir le côté opposé à celui de la porte en verre lui aussi. Le système de construction garantit une bonne isolation sonore de l'extérieur et de l'intérieur.
